Mom

I think I can
impartially
say she's a
hard worker.

she's
done a
lot.

She's done
sales and
office work.

When she was
younger, there
was a time
when she was a
hostess.

I do relax,
to some
extent.

I can't
really think
of it as
something I
"should do"

but I can't
make that a
priority

But you
can be a
little too
serious.

Studying is
good, and
don't play
around
too much.

Mom and
Kaze can
both say
the same
thing.

The idea of
going out,
having fun,
and falling
in love

and dealing
with my little
brother

With Mom
doing her
best
